

# 2012 TRAININGS & EVENTS

@ Control Consultants, Inc.

## Niagara AX Certification

Session I: May 7 - May 11, 2012

Session II: October 22 - 26, 2012

8:00am - 5:00PM | Fee: \$1950 | Instructor: Vern Peterson, MOV Training

The goal of the 5-day Niagara AX Certification Technical Training course is to educate students to a basic level of technical expertise necessary to effectively and efficiently design, engineer, and program projects using the Niagara AX Framework.

## End User Event: Building Momentum

May 23, 2012 | 11:00am - 3:45PM | Fee: Free for End Users | Location: Fenway Park

Property Managers, Facility Managers, Facility Engineers, and other End Users - don't miss this unique event! Presentations topics include:

- \* the value of energy efficiency
- \* the power of Niagara & web-based systems
- \* case studies on successful energy saving implementations

The event, hosted by CCI & Honeywell, also includes a luncheon overlooking the field and a behind the scenes tour of Fenway Park.

## Niagara AX for End Users / Operators

June 6 - 8, 2012 | 8:00am - 5:00PM | Fee: \$895 | Instructor: Vern Peterson, MOV Training

The goal of the 3-day Niagara AX End User class is to educate building owners and managers on the basics of the Niagara Framework. This class will teach how to use functions within the system to do trending, exception alarming, scheduling, data sharing, and graphic user interface interaction in order to monitor and control a facility.
